Week 4 - Core - Worksheet | Ethics & Governance - Spot the risk, propose responsible-use fixes

Name: _____ **Class:** _____ **Date:** _____

Risk - Measure - Because

Fill the table for your scenario. Each measure must reduce the risk next to it and have a reason.

Risk in the scenario	Responsible-use measure	Because (reason it reduces the risk)

Who is accountable?

Name the person or role who should be answerable if this AI model gets a decision wrong, and why.

_____

_____

_____

Exit ticket

Exit ticket: write one complete risk - measure - because chain for any AI model you choose.

_____

_____

Challenge (stretch)

Challenge (stretch): take a scenario with two conflicting fixes (for example, more monitoring vs more privacy) and argue which measure you would choose and why - this pushes toward the Proficient outcome of weighing trade-offs when improving responsible use.

_____

_____
